Business eStatement Enrollment

Agreement Transmittal of Electronic Statements

By acknowledging the "Request For Electronic Statement Delivery" you elect to receive your business account statements electronically in the manner set forth by the University of Illinois Community Credit Union e-statement Procedures in question-and-answer format. You agree to accept your University of Illinois Community Credit Union periodic statements, and all disclosures related to your statements, electronically by a visual text to be displayed on a personal computer or device monitor. You request that the credit union transmit your statement to you electronically, and you agree to the terms and conditions set forth in this Agreement.

Additional Provisions

You acknowledge and agree that, by requesting electronic statement delivery, you will not receive paper statements. You acknowledge and agree that, if the credit union in its judgment believes that the transmission of your statements electronically is no longer viable, or that any such transmission may give rise to security or operational concerns, the Credit Union may cease the electronic delivery of your statements and provide you with paper statements in lieu thereof.

You acknowledge and agree that you have read and you understand the security procedures set out, that any email address you provide to the Credit Union is accurate, that you will promptly notify the Credit Union of any change in your email address in the manner prescribed in the security methods, that you have a computer that meets the minimum system requirements set out in the agreement, and that you have a printer or have access to a printer with the ability to download information in order to keep copies of your statements for your records.

System Requirements

Lumin Digital's minimum encryption requirement for accessing credit union account(s) online is

TLS 1.3 protocol with forward secrecy and 128-bit (or higher) encryption ciphers, which are the supported defaults for these operating systems, browsers, and versions.

In addition, JavaScript must be enabled, web extensions must be disabled, ensuring the most optimal experience.
